

# New Hampshire AMX

*By Joe Howard, Derry NH*

It is a 1969 AMX 2 Seat Fastback Coupe, Bittersweet Orange with Tan leather interior and a 390 V8, Automatic with the optional "Go-Package", factory air and many other options. This combination makes it one of 2,183 built in 1969. The Bittersweet Orange color was new for 1969 and featured in the 1969 AMC catalog. This AMX was originally purchased from Queen City Rambler in Charlotte, North Carolina. In 1998 Mattel used this AMX for the design of the 1/64 scale diecast Mattel Hot Wheels 1969 AMX. In 1999 Joe bought it in Charlotte, NC from the third owner and brought it to New Hampshire where he has shown his AMX at several Classic Car Shows and Cruise Nights in the area. In 2000 Joe's AMX received a Silver Level award at The International American Motors Owners Association (AMO) National Concourse Meet.
